Subject: Special Use Permit – Commercial Filming and Still Photography

Thank you for your inquiry regarding commercial filming or photography activities at Canyon de Chelly National Monument. Canyon de Chelly National Monument is unlike any other national park because the canyons are on Navajo tribal lands and include a residential community. Both the National Park Service and Navajo Nation manage the park to protect the natural and cultural resources, to ensure the safety of visitors, and to protect the Navajo residents.

Commercial filming includes, but is not limited to, any filming or photography intended for commercial public viewing or advertising such as commercial still photography, motion picture photography, television commercials and/or videotaping.

- Filming or shooting *inside Canyon de Chelly National Monument* will require a permit from both the National Park Service and the Navajo Nation Film Office.
- Filming or shooting *inside a tribal park* (i.e. Monument Valley Tribal Park) will require a permit from the Navajo Parks and Recreation Department.
- Filming or shooting anywhere else on the Navajo Nation will require a permit from the Navajo Nation Film Office.

Please contact the appropriate offices directly.

APPLICATION PROCESS

The application process at Canyon de Chelly National Monument is complex in nature and requires planning well in advance; at least 30 days prior to event. All applicants are required to **submit applications to both the National Park Service (NPS) and the Navajo Nation Film Office (NNFO)**. Attached are two filming applications for you to complete and return to each respective agency.

Your response to the NPS about your proposed activity must be as detailed as possible. Attach a summary of your proposed project to the application that specifies a description of your

project, where you propose to film, what type of equipment you will use, how many participants will be involved, any special effects you may use, and the name of the authorized guide(s) or tour company you will use. Locations must be predetermined since you will not be permitted to arrive and select locations on the day of shooting. If you are unfamiliar with the area, it is highly recommended to make a scouting trip prior to production for possible locations.

For small scale productions, locations in public access areas, such as the North and South Rim overlooks, do not require a backcountry permit or authorized Navajo guide. Locations requiring travel into the backcountry of the park requires obtaining a backcountry permit from the Navajo Nation Parks and Recreation Office (928-674-2106) and hiring an authorized Navajo guide to accompany the production crew. An authorized Navajo guide must accompany the production crew at all times while in the backcountry of the park. Locations on private lands require prior explicit written permission from landowner(s). You are responsible for any cost associated with services into the backcountry.

The information on the NPS application will be utilized by the park to evaluate the impact of your activity on the park resources, canyon residents and other visitors. Activities may not impair any natural or cultural resources or prevent visitor access within the park. Entering any sensitive cultural or natural sites, including all archeological sites, is strictly prohibited. Requests for locations inside archeological sites or sensitive cultural areas will be denied. *It may require several weeks to review your request and render a decision.*

If the activity is of a type that has the potential to cause effects to eligible historic properties then a thorough review process will be initiated that typically requires a minimum of 50 days to complete. This process, known as Section 106 (of the National Historic Preservation Act, as amended) review, is mandated by federal law and includes a requirement for concurrence on recommendations from the Navajo Nation Tribal Historic Preservation Office (THPO) prior to implementation of an activity or project.

FEES AND INSURANCE

Depending on the scope and size of the proposed activity, the following will apply:

- **Application Fee.** A \$100 non-refundable application fee is **required** from all applicants, regardless of whether or not the permit is issued. Written requests for a fee waiver may be considered under certain conditions; include fee waiver request in project summary.
- **Certificate of Insurance.** A certificate of insurance is **required** showing you have general liability coverage in the minimum amount of \$1,000,000 (U.S. currency). Production companies are required to carry general commercial liability insurance issued by a *United States company*. The certificate must name the UNITED STATES GOVERNMENT as additional insured. An original hardcopy of this certificate must be submitted to the park before the activity may begin.
- **Cost Recovery Fee.** A cost recovery fee **may** be required to cover National Park Service expenses and/or damages to any park resources, including personnel or overtime costs.
- **Performance Deposit.** A performance deposit **may** also be required with the amount to be determined from the information provided on the application. This deposit will be returned to you, upon completion of the proposed activity, if all accrued costs have been paid, stipulations have been met and resources have not been damaged.

PAYMENT METHOD

Payment of all fees must be payable to the **NATIONAL PARK SERVICE**. All fees must be paid in U.S. dollars in the form of a certified check or money order from a U.S. bank. Credit card payments are not accepted.

A complete application, project summary, \$100 application fee and a Certificate of Insurance must be submitted to the park at the address below to begin the process.

REVIEW PROCESS

Upon receipt of your NPS Application, Project Summary, Certificate of Insurance and \$100 fee, the Park Superintendent and staff will review the request which will include feedback from the Navajo Nation Film Office (NNFO) and/or other tribal departments. Be advised that in some cases, the NPS will deny an activity even if the NNFO approves it.

Note that a photocopy of the Certificate of Insurance may be submitted with the application as part of the review process; however, upon approval of the activity, an original hardcopy of the Certificate of Insurance must be submitted to the park before the activity may begin. Also, faxed copies of the application may be submitted, but will not be processed until the park receives payment of the application fee. If time is of the essence, you may want to consider sending your application and application fee using Federal Express or Express Mail.

Depending on the size and scope of the activity, a meeting may be scheduled between the Park Superintendent and the filming/photography company prior to the activity to review logistics, production management, and creative direction. Upon approval of the activity, the filming or photography coordinator will be required to sign the Special Use Permit at the Visitor Center acknowledging that all participants involved in the special event will have a clear understanding of the rules and regulations outlined in the permit for filming/shooting in the park.

DONATIONS

Donations of money, equipment and/or services to the park from the film or photography company may be accepted and must be properly accounted for based on National Park Service policy.

PROHIBITED ACTIVITIES

Absolutely no entrance into any archeological or sensitive sites is permitted.

The use of manned or unmanned aircrafts, helicopters, hot air balloons, drones or any type of passenger balloon will not be allowed in Canyon de Chelly National Monument due to the fragile archeological resources, residential community and grazing areas in the canyon and along the rims. (The use of aircraft or helicopters in other NPS areas may require a Certificate of Waiver, issued by the Federal Aviation Administration, granting a waiver of FAR 91.119(b) and (c), Minimum Safe Altitude and require a minimum of \$25,000 per day bond. If a waiver is required, a copy of the waiver and the Motion Picture and Television Flight Operations Manual must be provided to the NPS).

NAVAJO NATION FILM OFFICE

Applicants are also required to comply with the requirements of the Navajo Nation Film Office. For more information about a Navajo Nation Filming and Photography Permit, please contact 928-871-7826.

NOTICES

This is an application **only**, and does not serve as permission to conduct any special activity in the park. The information provided will be used to determine whether a permit will be issued. Send the completed application along with the application fee in the form of a cashier's check or money order made payable to the **National Park Service** to Laverne Wagner at the park address found on the first page of this application.

If your request is approved, a permit containing applicable terms and conditions will be sent you. The permit must be signed by the responsible person and returned to the park for final approval by the Park Superintendent before the permitted activity may begin.

Customers Making Payment by Personal Check

When you provide a check as payment, you authorize us either to use information from your check to make a one-time electronic fund transfer from your account or to process the payment as a check transaction. When we use information from your check to make an electronic fund transfer, funds may be withdrawn from your account as soon as the same day we receive your payment, and you will not receive your check back from your financial institution.

Privacy Act Statement

Authority: 16 U.S.C. 1, National Park Service Organic Act; 16 U.S.C. 3, Rules and regulations of national parks, reservations, and monuments; timber; leases, 16 U.S.C. 3a, Recovery of costs associated with special use permits; and 16 U.S.C. 460i-6d, Commercial Filming.

Purpose: The purposes of the system are (1) to provide a park superintendent with information to approve or deny requests for activities that provide a benefit to an individual, group or organization, rather than the public at large; and (2) to assist park staff to manage the activity to ensure that the permitted activity does not interfere with the enjoyment of the park by visitors and that the natural and cultural resources of the park are protected.

Routine Uses: In addition to those disclosures generally permitted under 5 U.S.C. 552a(b) of the Privacy Act, records or information contained in this system may be disclosed outside the National Park Service as a routine use pursuant to 5 U.S.C. 552a(b)(3) to other Federal, State, territorial, local, tribal, or foreign agencies and other authorized organizations and individuals based on an authorized routine use when the disclosure is compatible with the purpose for which the records were compiled as described under the system of records notice for this system.

Disclosure: Voluntary, however, failure to provide the requested information may impede individual from obtaining a permit from the National Park Service.

Information Regarding Disclosure of Your Social Security Number Under Public Law 93-579 Section 7(b): Your Social Security Number (SSN) is needed to identify records unique to you. Applicants are required to provide their social security or taxpayer identification number for activities subject to collection of fees and charges by the National Park Service. Failure to disclose your SSN may prevent or delay the processing of your application. The authority for soliciting your SSN is 31 U.S.C. 7701. The information gathered through the use of the SSN will be used only as necessary for processing this application and collecting and reporting any delinquent financial obligations. Use of the social security number will be carried out in accordance with established regulations and published notices of system of records.

Paperwork Reduction Act Statement

We are collecting this information subject to the Paperwork Reduction Act (44 U.S.C. 3501) to provide the park managers the information needed to decide whether or not to allow the requested use. All applicable parts of the form must be completed in order for your request to be considered. You are not required to respond to this or any other Federal agency-sponsored information collection unless it displays a currently valid OMB control number. OMB has approved this collection of information and assigned Control No. 1024-0026.

Estimated Burden Statement

Public reporting burden for this form is estimated to average 30 minutes per response including the time it takes to read, gather and maintain data, review instructions and complete the form. Direct comments regarding this burden estimate or any aspects of this form to the Information Collection Clearance Officer, National Park Service, 12201 Sunrise Valley Drive, Mail Stop 242, Reston, VA 20192. Please do not send your form to this address.
